Cambrai Community Nursery

The Cambrai Community Nursery is supported by local volunteers who propagate and maintain the nursery to provide local native plants to landholders. 

We have a variety of native tubestock for improving biodiversity on your property including plants that attract birds, butterflies, bees and other insects. We also have native plants that provide shelter or fodder for stock. Our project manager can assist with plant identification for species found on your property or assistance with what to plant depending on your project aims and location.

The Nursery is located in the Main Street of Cambrai and is open on Mondays and Tuesdays between 9am and 3pm or by appointment.

Aimee Linke, Mid Murray Landcare SA Project Manager
0427 590 344 E: nursery@midmurraylandaresa.org.au

This project is supported by Mid Murray Landcare SA, the Mid Murray Council and the Murraylands and Riverland Landscape Board through funding from the landscape levies.
